### **About the Scholar-Chessplayer Awards Program**

The Scholar-Chessplayer Awards program was established in the 1980s, and is administered by the US Chess Federation and the US Chess Trust.

These annual scholarships awarded by the **U.S. Chess Trust**, the **National Scholastic Chess Foundation**, and the **USCF**, are *“intended to recognize and encourage high school junior or senior students who promote a positive image of chess.”*

High School students who have shown outstanding merits in academics, sportsmanship and chess were eligible to apply for these scholarships. Five awards of \$1,500.00 each (total of \$7,500) in scholarship money are awarded. The funding for this program is provided by the **US Chess Trust**, a 501(c)(3) organization and the **National Scholastic Chess Foundation**.

This year’s students were selected from 15 applicants by a panel of judges appointed by the **Scholastic Council** of the **USCF**. In recognizing this year’s winners, Mr. Weeramantry observed the geographical diversity of the recipients and drew attention to the high calibre of all the applicants.

Thanks to the generosity of its long-time supporters, the **U.S. Chess Trust** continues to fund many wonderful programs including the **Scholar-Chessplayer Awards**.

A special thanks to the **National Scholastic Chess Foundation** for their contribution to this program.
